# Grand Parents of Ascension School

## Ascension School acknowledges that:

- Grandparents are the root of our student body, they are the source of our family heritage...
- The presence of Grandparents in the lives of their grandchildren is a real treasure...
- Grandparents often have vitality, unique gifts and talents to offer our students that parents and the school staff can not provide...
- In more and more cases in this day in age Grandparents are depended upon to raise their grandchildren...
- Often Grandparents voluntarily assist in supporting tuition for their grandchildren...

## In recognition of these wonderful attributes of Grandparents Ascension School will:

...welcome Grandparents as regular visitors and volunteers in the school and recognize Grandparent volunteers in the school at year end events.

...offer prayers for our Grandparents in daily and weekly intentions of our school.

...annually welcome all Grandparents of Ascension Grandchildren to our traditional School Performance of the Grandparents Day Program.

...regularly communicate from the school via online and paper newsletter about the successes of their collective grandchildren in Ascension School.

...offer membership in the Ascension Parent Teacher Organization at no cost (dues) and entitlement to benefits that \*membership affords:

- Free entrance to any Ascension School PTO events,
- For every event attended and evening spent volunteering at BINGO, Grandparents will be eligible for additional chances in the end-of-the-year PTO tuition drawing for their grandchildren.

\* Grandparents will be non-voting members

For membership in the Ascension PTO we ask Grandparents to sign a small information request form that would give the school staff permission to contact the Grandparents by phone, email or written correspondence. A database of Grandparent contacts will be made and kept secure to be used only for school communication and will not be shared or sold for any other purpose.

Accepted by the PTO Membership, December 2007
