

Child Protection & Fingerprinting Requirements

All regular volunteers who function in regular relationship with children (more than 3hrs/month, or has contact more frequently than once a month, or participates in an overnight event with children) must attend an Orientation session and be fingerprinted.

All teachers, substitutes, certified aides working or volunteering in our Catholic Schools and spending significant time interacting with students must attend the Child Protection Orientation and have fingerprints submitted to the State and to the Archdiocese.

~ Anyone with an Ohio Dept of Ed. license or expecting to get one **should indicate that fingerprints be sent to ODE** as well as the Archdiocese. Both FBI and BCI checks must be made to substitute in any of the archdiocesan schools. The substitute is responsible for the fees.

~ **Substitute teachers should indicate they are substituting. They will then be eligible to substitute in any of the archdiocesan schools. The substitute is responsible for fees.**

Parish Volunteers may ask that the fingerprinting fee be billed to Ascension Parish

For other dates and locations of orientations elsewhere in the archdiocese go to:
