Made for More

Young Catholics are surrounded by influences that challenge their faith and morals every day. These challenges call for more than a “do this, don’t do that” approach to catechesis. Teens desire truth and understanding about who they are, their purpose in life, and what will ultimately bring them happiness. Ascension is introducing a new program that will enable parents to talk to their teens about two of the hottest topics on the planet—God and sex—and “marries” them through Pope John Paul II’s compelling vision for love and life . Using a great mix of stories, real-life examples, activities, prayer and references to the culture that teens understand, this new program answers the questions that teens have about their own bodies, issue on sexual morality and how they were uniquely created for greatness.
